Carbery Concept

Hazelnut Latte Hot Coffee Drink

This hazelnut latte is a delicious, hot, high protein beverage. Developed using a blend of Optipep® Hydrolysed Whey Protein Concentrate and Carbelac® Whey Protein Concentrate, it delivers 20g of protein per serving while providing great taste and a creamy mouthfeel.

APPLICATION HIGHLIGHTS

+ Heat Stable Optipep hydrolysed whey protein allows the drink to be enjoyed hot without compromising protein performance, making it ideal for high-protein coffee applications.
+ Fast-absorbing peptides from Optipep deliver high-quality whey protein in a format that is easy to digest and suitable for consumers looking for convenient nutrition.
+ Smooth and low in bitterness, allowing the rich coffee flavour to shine through while delivering a convenient protein boost.
