Carbery Concept

Ready to Drink Protein for Muscle Maintenance

This creamy, milk-based protein beverage contains 30g of protein per serving and is formulated with Optipep®, a lightly hydrolysed whey protein hydrolysate. Designed for great taste and smooth mouthfeel, Optipep offers excellent processing stability, including UHT stability at pH 7.0, making it suitable for high-protein sports and nutritional beverages.

APPLICATION HIGHLIGHTS

+ Powered by Optipep hydrolysed whey protein, delivering the benefits of whey in fast-absorbing peptide form for premium performance nutrition applications.
+ Designed for superior drinkability, Optipep combines enhanced digestibility with low bitterness, creating smooth, great-tasting high-protein beverages consumers can enjoy every day.
+ Built for formulation performance, Optipep offers excellent processing stability, including UHT stability, helping manufacturers create high-protein ready-to-drink beverages without compromising quality.
