CQM5.0 Amendment 30

Food Safety and Quality Policy

It is the policy of the Carbery Group to achieve and retain leadership status within the industry on product safety, legality, authenticity, specified product quality, dietary / religious requirements and customer service. Carbery Group commits to continuously improve the sites food safety and quality culture. All Carbery Group final products produced onsite are Halal certified while Synergy (Dairy Taste Plant) produce a selection of Halal certified products.

To achieve this Carbery Group plan to produce safe food products of the highest quality standards for its customers and comply with all relevant National / European and International legislation. It is also the company's policy to provide its customers with the highest possible level of service.

Carbery Group's products include a range of hard cheeses, mozzarella, sweet cream, whey cream, skim milk powder, food ingredients, sports foods and alcohol. Synergy (Dairy Taste Plant) range of products include liquid cheese, yeast extracts and cheese powders.

All products are manufactured in conformance with process quality specifications to a standard which satisfies the customer's needs and confirms its suitability for the intended use.

Product Safety, Quality and Compliance Culture are achieved by following safe working practices and procedures developed through effective hazard analysis & risk assessment of HACCP / VACCP / TACCP, training and experience.

Carbery Group believes that the implementation of its Total Quality System guarantees high quality standards for its customers. Carbery recognises that a successful food safety culture is achieved by ensuring that each employee is aware of his/her responsibility towards meeting food safety best practices and quality. It believes that food safety and quality is everyone's business in the process from raw material right through to product despatch.

In support of this policy the organisation is committed to a process of continued improvement, including the provision and quality assurance to our customers in line with the requirements of BRCGS V.9.

Carbery Group believes in getting the final product right first time in a sustainable fashion.

Our Quality Assurance gives an objective measure of the effectiveness of the quality operation and a level of confidence to customer.
